

FABRICATOR AND INSTALLER

PETREX, Inc. is located in Warren, Pennsylvania, and is seeking employees to fill positions as fabricators and installers of the internal floating roof and water-oil separator cover systems.

Shop Responsibilities

Successful candidates will work with various pieces of metal fabrication equipment. Duties would also include assembly line work in the production of a product. Shift hours for the shop are 7:00 AM to 3:30 PM. Overtime may be required, dependent on the workload.

Field Responsibilities

Travel is required for the installation of internal floating roofs and water-oil separator systems at customer facilities worldwide. This may include military and private industry facilities. Wage adjustments and per diem (lodging and meals) for travel will apply. Field hours are dependent on customer requirements.

Benefits

Available benefits include medical, vision, and dental after a 60-day probationary period. 401k matching program is also available after 6 months of employment.

Requirements

Candidates must have a valid class C driver license and a clean driving record (verified before hire). Pre-employment drug screening, criminal background check, and reference check will be completed prior to hiring.
